

Dementia Action Week Prayer

Lord , I am what I am.

I give thanks for the life I've had;
For the memories that will live on
Through others when I remember no more;

For the love of family and friends
Who will go on loving me when
I no longer show that I love or care;

For the care-givers, the doctors and nurses
Who are with me and will be with me
Every step of the way.

I am what I am.

I have been nurtured by you, Lord,
And give thanks for the fact that
You love me - for who I was,
For who I am, for what I become.

We can walk this path together
Hand in hand:

I know I am not alone, that you
Will be by my side always.
Amen
